Work Automation

Laws of automation

- Work is measurable
- Work data has patterns
- Data patterns are exploitable

Work is measurable

People

Rating	Skills	Timezone	Availability	Projects
--------	--------	----------	--------------	----------

Projects

Name	Duration	Cost	Requirements	People
------	----------	------	--------------	--------

Activity

Person	Project	Action	Timestamp	Details
--------	---------	--------	-----------	---------

Work product

Person	Project	Type	Details	Rating
